Funding Drop In Sessions

Do you need help with your grant application?

We understand that applying for a grant can be overwhelming, and we are here to help!

During a session we can:

- Check that you meet the grant criteria.
- Identify any gaps in what you tell them, so that you tell an engaging story.
- Confirm that the need for your project is supported by evidence.
- Confirm that you show that you have the ability to meet those needs.
- Ensure that you spell out the differences that the project will make.
- Clearly define who the beneficiaries are.
- Advise on how beneficiaries can be included in the bid itself.
- Help connect you to potential partners or co-applicants where appropriate.
- Ensure that your budget adds up and is at the right level for the project.
- Review if the application will be successful.

We hold virtual “surgeries” to support groups looking for an independent review of their grant application. These take place at **10am** on the **third Thursday of every month, starting 21st September 2023**

Groups will be able to meet with a member of our team for advice and feedback as well as help finding other sources of potential funding.
